## MISSION

St. Ignatius Nursing & Rehab Center welcomes all people and responds to the needs of the whole person as revealed in the healing ministries of Jesus.

We serve our communities by providing quality care and integrating our essential core values:

**DIGNITY OF ALL PERSONS**

**EXCELLENCE—THROUGH COMPASSION**

**COMMUNITY — THROUGH TRANSFORMATION**

**STEWARDSHIP — THROUGH JUSTICE AND PEACE**

**CONCERN FOR THE POOR**

## HISTORY

In 1952, St. Ignatius Nursing Home was founded by Monsignor John T. Mitchell, the pastor of St. Ignatius Church. Father Mitchell was a man who cared deeply about his aged and poor parishioners and during visitations found many of them living in deplorable conditions. The present facility, located at 4401 Haverford Avenue, opened in 1971.

On July 1, 1986, sponsorship of the home transferred to the Congregation of the Sisters Saint Felix (Felician Sisters). Now renamed St. Ignatius Nursing & Rehab Center, the Felician Franciscan Sisters and their dedicated staff continue to care for seniors of limited income as part of their sacred mission. Their compassionate healthcare ministry is a tribute to the legacy of Blessed Mary Angela Truszkowska, the Foundress of the Felician Order.

## COMPASSIONATE CARE

The mission of the Felician Sisters is the spiritual renewal of the world. From this perspective, our Felician ministry offers quality person centered care and welcomes diversity.
